

ET Plus

A taller format for rental builds.

500 × 1,000 mm cabinets with modular
service architecture.

Rental events

Designed around setup and service

Modular central box

The modular power-box design separates a serviceable assembly from the cabinet structure. Front module maintenance is supported.

Optional wind truss

A foldable wind-truss option is available. The complete rigging design and site conditions determine the installation limits.

Configuration at a glance

Parameter	Outdoor configuration
Cabinet W × H	500 × 1,000 mm
Pixel pitches	P3.91 / P4.81
Refresh rate	7,680 Hz
Module service	Front access
Wind truss	Optional

Select the cabinet, service arrangement and support accessories as one system.

Plan your ET Plus project

Project context

Share the display size, shape and outdoor exposure conditions.

Technical needs

Confirm the hanging or stacking method and service access.

Details to confirm

Provide transport requirements and the intended content or camera use.
