

HoloFix Panel

**A modular format
for open-view displays.**

1,000 × 1,000 mm transparent cabinets
with modular power boxes.

Fixed transparent display

Cabinet-based transparent installation

Two transparency options

P3.91 and P6.25 balance image detail and open area within the same 1 m cabinet format.

Accessible assemblies

A modular power box and complete-panel service require planned working access.

Installation details follow the selected configuration and site layout.

Configuration at a glance

Parameter	P3.91	P6.25
Cabinet pixels	256 × 256	160 × 160
Transmittance	80%	90%
Cabinet weight	7.2 kg	6.75 kg
W × H × D / mm	1,000 × 1,000 × 79	
Brightness / nits	2,500–3,000	

IP30. Indoor cabinet-based installation.

Plan your HoloFix Panel project

Project context

Share the display dimensions and sightlines through the installation.

Technical needs

Provide mounting points, cable routes and space for panel service.

Details to confirm

Confirm the pixel pitch and mounting layout in the display plan.
