

Perimeter 1600

A wider format for the pitch edge.

A 1,600 mm wide cabinet with adjustable support and protective top padding.

Stadium perimeter

Display face, padding and support

Protective construction

Top padding and the soft display mask form part of the perimeter configuration. Installation conditions determine the complete system.

Adjustable rear support

Support settings from 90° to 115° in 5° increments help position the display face. Front and rear service are available.

Configuration at a glance

Configuration	P5	P6.25	P8.33	P10
Cabinet pixels	320 × 180	256 × 144	192 × 108	160 × 90
Brightness / nits	5,500	6,500	6,500	6,500
Refresh rate	7,680 Hz			
Display area / mm	1,600 × 900			

Cabinet: 1,600 × 940 × 98 mm. Approx. 38 kg. IP65.

Plan your Perimeter 1600 project

Project context

Share the perimeter length, available depth and audience viewing distances.

Technical needs

Provide the content and broadcast requirements for configuration selection.

Details to confirm

Confirm cable routing, support positions and access around the field.
