

XL

One format. Several deployment routes.

800 × 900 mm cabinets for event and
mobile display layouts.

Rental, mobile and fixed

Installation and access

XL application reference

Mobile display layouts

A common cabinet format supports trailer and event installations. Match the structure and power system to the project.

Plan service clearance

Front service arrangements still require working space behind the cabinet. Confirm the access detail before finalising the structure.

Configuration at a glance

Parameter	XL3	XL6
Pixel pitch / mm	3.84	6.25
Cabinet pixels	208 × 234	128 × 144
W × H × D / mm	800 × 900 × 72	
Weight / brightness	20 kg / 5,000 nits	
Protection	IP65 front / IP54 rear	

Cabinet area: 0.72 m². Screen proportions depend on the cabinet arrangement.

Plan your XL project

Project context

Share the complete screen layout and intended mobile or fixed use.

Technical needs

Provide trailer or support drawings, access space and cable routes.

Details to confirm

Confirm the pixel pitch, controller and power supply for the selected build.
